

FACULTY BIOGRAPHY

Mark L. Metersky, MD, FCCP

Professor, Medicine

Associate Chief of Service, Department of Medicine

Chief, Division of Pulmonary, Critical Care and Sleep Medicine

Director, Center for Bronchiectasis Care

University of Connecticut School of Medicine

Farmington, CT

Mark L. Metersky, MD, FCCP, is a Professor of Medicine at the University of Connecticut School of Medicine where he serves as the Associate Chief of Service for the Department of Medicine, Chief of the Division of Pulmonary, Critical Care and Sleep Medicine, and Director of UCONN Center for Bronchiectasis Care. Dr Metersky received his medical degree from New York University School of Medicine. He then completed an internship and residency in internal medicine at Boston City Hospital and then a fellowship in pulmonary and critical medicine at the University of California, San Diego Medical Center. Dr Metersky is board certified in internal medicine, critical care medicine, and pulmonary disease.

Dr Metersky has a long-standing interest in pulmonary infections, including pneumonia and bronchiectasis and has published over 150 papers and has presented extensively on these subjects. He serves as an ad hoc reviewer for over 20 journals and is an Assistant Associate editor of *CHEST*. He was the American Thoracic Society (ATS) co-chair of the writing panel for the "Management of Adults with Hospital-acquired and Ventilator-associated Pneumonia: 2016 Clinical Practice Guidelines by the Infectious Diseases Society of America and the American Thoracic Society" and was an author of the 2019 ATS/IDSA Community-Acquired Pneumonia Guidelines.

Dr Metersky has served in multiple leadership positions for the ATS Pulmonary Infections and Tuberculosis Assembly, including Assembly Program Chair, Chair of the Nominating Committee, and member of the Planning Committee and Acute Pneumonia Working Group. He has also published extensively on quality and patient safety and serves as the Chair of the ATS Quality Improvement and Implementation Committee.

FACULTY BIOGRAPHY

Margaret M. Johnson, MD

Professor, Medicine
Mayo Clinic College of Medicine and Science
Consultant, Pulmonary Medicine
Mayo Clinic
Jacksonville, FL

Margaret M. Johnson, MD, is a consultant in the Division of Pulmonary Medicine at Mayo Clinic in Jacksonville, FL and a Professor of Medicine. Additionally, she serves as Dean of the Florida campus of the Mayo Clinic College of Medicine and Biomedical Sciences. Dr Johnson received her medical degree from Jefferson Medical College at Thomas Jefferson University in Philadelphia, PA. She completed her residency in internal medicine at Thomas Jefferson University and completed her fellowship in pulmonary and critical care at Wake Forest University/Bowman Gray School of Medicine in Winston-Salem, NC. Dr Johnson is board certified in critical care medicine and pulmonary disease.

Dr Johnson has been active in clinical pulmonary and critical care medicine, basic and clinical research, education, and administrative leadership roles. Her clinic focus includes bronchiectasis, non-tuberculous mycobacterial lung disease, lung cancer screening, and cystic fibrosis. She developed and is the director of the Adult Cystic Fibrosis Program at Mayo Clinic and is active in clinical trials.

Central to Dr Johnson's career has been medical education across the spectrum of learners, from medical students to professional colleagues. She has delivered over 200 CME lectures nationally and internationally and has been recognized as the Distinguished Educator at Mayo Clinic in Florida, as well as other education awards.

FACULTY BIOGRAPHY

Molly Mailes, MSN, RN, MEDSURG-BC
Nurse Program Coordinator, Adult Cystic Fibrosis
Mayo Clinic
Jacksonville, FL

Molly Mailes, MSN, RN, MEDSURG-BC, is the nurse program coordinator of the Adult Cystic Fibrosis program at the Mayo Clinic in Jacksonville, FL. Nurse Mailes works alongside Dr Margaret Johnson, as well as the other cystic fibrosis team. In addition to her role as the program coordinator, Nurse Mailes works with Dr Johnson's patients with non-cystic fibrosis bronchiectasis and non-tuberculosis mycobacterium. As part of their thorough care at Mayo Clinic, she provides airway clearance therapy education to all of these patient groups. Nurse Mailes has a Master of Science degree in Nursing Leadership and is a certified medical-surgical nurse through the American Nursing Credentialing Center. She has many years of nursing experience in both inpatient and outpatient nursing care.

Nurse Mailes' focus is on quality improvement projects, in an effort to provide the best patient care. She has been nominated for the Daisy Award 8 times and for the Florence Nightingale Luminary Award. She was awarded a Nurse Exemplar-Problem Solver Award and is always recognized for her hard work and attention to detail.

Nurse Mailes has created and presented 4 different posters. Three of the 4 posters were accepted and presented at National conferences and one was presented at the Florida Value Symposium at the Mayo Clinic in Florida. She was also a co-author this summer for a chapter in the book *Modern Nutrition in Health and Disease*, 12th edition.
